

# LOCAL AND GENERAL NEWS

Who got the catch?

Are we about to catch?

New brooms sweep especially the Brown brooms.

The Likeli which was advertised to leave last Saturday did not go.

The information from Maui and Hawaii received by the mail to-day is certainly amusing.

Inspectors, sub-inspectors and guards of the Board of Health were indefatigable yesterday.

Limes, oranges and eggs are out of season. Can't we get them from "the other side," Mr. Smith?

Where were the police when evil minded persons put up posters during the night in the center of the town?

Girls won't ride into the valleys any more. A number of Panahou teachers were stopped at Manoa yesterday.

The freight from the Claudine was landed at Hilo. The Kauai people are ugly yet and will take neither freight or Knudsen.

The Police Court was well patronized this morning. There were nearly as many people in evidence as there generally is in our average church.

If the subinspectors insist in sampling the medicine which they give to persons with stomach troubles, they ought to be inspected themselves.

Hats! Hats!! Hats!!! A grand display of all the latest shapes in Sailor, Chic, Alma and Sally Ho. Also newest styles Neopolitan in all colors at N. S. Sachs' 520 Fort street.

Judge Perry was unable to attend to the court this morning. Deputy Judge Luther Wilcox took his chair and disposed of most of the cases on the rather lengthy calendar in short order.

L. B. Kerr calls attention to the large invoice of Bleached Sheetings and Pillow Casings imported by him by the "Australia." Housekeepers will find a full line of these articles.

In season or out of season every family should have a bottle of DIARRHOEA MIXTURE in the house. There is none better than DWIGHT'S, which has been dispensed by the HOLLISTER PHARMACY for the last twenty years.

Office of Board Health, Monday afternoon, September 16, at 3 o'clock the total cases to date were 83. Of these there are 58 dead; new to 3 p.m. since 3 o'clock Saturday afternoon 4. There are 14 recovered and 11 remain in hospital.

A number of sailors from the Keauhou were taken to the Cholera Hospital on Saturday, because they fished bahalulu in the harbor. The vigilant eye of the authorities is ever open, and must remain so for several weeks yet.

To close them out Shirt Waists, formerly selling at \$1.50 each, have been reduced to \$1; and Pith Hats, which were selling at \$2, from this on will be sold at \$1 each. Call early before the supply is exhausted. A. Barnes, New Republic Building, King street.

## The Diocesan Magazine.

The September number of the Bishop of Honolulu's magazine is before us. It contains the usual interesting reading matter, which will be appreciated by all serious thinkers. The writers devote considerable space to expostulating against the closing of the churches during the plague now visiting these islands. In their views they find the support of all religiously inclined people of their own and other churches, and they find the respect of those who have the honor of knowing him, although not belonging to their creed, with the exception, of course, of the Central Union faction.

## The Ten

The committee held a meeting this forenoon, at which the inspectors were present. Serious matters were considered and the meeting adjourned till this afternoon at 3 o'clock. We wish to state that Col. Soper made a speech which proves that at last the community has reached its proper point. He, the champion of the Government, the leader of a most important faction, asked why we see the labels of Dr. Brodie used by the Board of Health, and why physicians having the confidence of the people were not called in?

## Another Scare.

The town which at present is waiting for filibusters—to relieve the cholera—nearly got into a fit on Saturday, at least as far as the Chinatown was concerned.

A saki-loaded Kanaka took upon himself to take a run somewhere from Nuuanu street toward the city. He screamed at the top of his voice to the Chinese storekeepers to close up because "the Japs were coming." He succeeded in creating a panic. Stores were closed and barricaded and the "rumor-spreader" was locked up.

# BY AUTHORITY.

## REGULATIONS OF THE BOARD OF HEALTH.

2. The sale, in the District of Honolulu, of fish, shell-fish or any product of the sea is prohibited.
